DC Community Improvements List 20260702.xlsx;

Hi Commissioners -

Thank you for your time today and your willingness to continue openly communicating and partnering to find an agreeable solution for all parties.

Attached is the calculation for a 53% effective overall abatement rate (tab "effective rate") assuming a 25-year term at 0% real / 85% personal abatement, \$95.55M CBA payments and the fire and ambulance district opting out of the Chp 100.

As noted, using these assumptions, this project will still generate an estimated \$5.7B in total tax revenue for the county's various taxing entities.

Thanks

Lucas, Heather, Conner,

Attached is the Callaway County Commission's list of requested community improvements to be funded by Crusoe. The list is prioritized for your review. If you wish to discuss further details of any of the items listed, I would be glad to provide background details that will enable better conversations during the public presentation on 7/14.

Thank you for your openness and your professionalism as we work forward in all of our negotiations.

Have a safe and happy July 4th weekend. 'Merica!

Christopher Scott
