Subject: Data Center money

If I understood correctly, in regards to the money being paid to the county (by the data center) there's somewhere in the area of 3.5 million dollars that is not allocated. Yesterday during the elections, I thought of something that could benefit a lot of Callaway County. Most all the little towns and burghs in Callaway County has a community hall. A lot of these halls are used as polling locations. Most of the halls are used throughout the year for numerous other community events. All the halls are old buildings which could use some work. Maybe compile a list of hall's and send \$20,000 +/- to each so they can fix their buildings.

Hi Gary,

By way of reintroduction, this is Mark Brady and I have been working with Ranger Power on their solar projects in the County. I hope all is well. I left a message a couple of days ago about setting up a meeting to discuss a potential different project in the County and am checking to learn your availability. The development team will be in town next week and could meet as early as next Tuesday or Wednesday. If those days do not work, we would also like to know your availability over the next few weeks and we can set something up. Don't hesitate to call my cell phone if easier. 314-240-3189.

Thanks and I hope you have a good weekend.

Subject: Re: Updated Tax Revenue Projections - 336 MW IT

Hi Commissioners -

Please find the Excel spreadsheet attached. I have also added a column (C) that breaks down the total tax revenue on a gross power per MW basis. Please let me know if you have any questions or would like to walk through the methodology. To keep the negotiations moving forward, can we schedule a meeting for today or tomorrow? Crusoe is on holiday Thur and Fri.

Thanks

On Tue, Jun 30, 2026 at 8:25 AM Lucas Workman <lworkman@crusoe.ai> wrote:

Hi Christopher -

Happy to walk through the calculations and assumptions made to arrive at the tax revenue estimates. We used a 336 MW IT build for the model I sent. The previous version was for our standard 204 MW IT building. The updated larger build will assume a total gross power of 470 MW (relative to our 500MW ESA).

Let me know if one of the times listed in my previous email works for a quick chat to talk through the details of the spreadsheet.

Thanks

Hi Commissioners -

Happy Monday! I hope you all had a nice weekend. Please find attached the updated tax revenue projections. Due to the urgency, we based the estimates on a 336 MW IT building (slightly smaller than the 350 MW IT) and used a conservative approach. Underpromise and overdeliver! Below are a few callouts I wanted to highlight. Please take a look and let me know if you have any questions.

TOTAL TAX REVENUE	4,128,335,749
25 year average annual tax revenue	123,028,150
Post abatement average annual tax revenue	236,159,083
Annual increase to County's budget	46%
Annual increase to School District's budget	658%
ASSUMPTIONS	
Ambulance and Fire District will opt out of Chp 100	
25 year term - 0% real / 85% personal abatement	

Do you have time this week to meet before the holiday? My availability is below.

Mountain Time - Denver (GMT-06:00)

Tue, June 30

12:30 – 1:00 PM

1:30 – 2:00 PM

Wed, July 1

Hi Myra,

Additionally, can you please ask the Commissioners if Wednesday, April 22 works for the Stakeholder Workshop they requested for the project? This would be immediately following the prior two days of travel that I discussed with Commissioner Jungermann. If so, could they also please let us know the best way to schedule and confirm that day with the other attendees?

Thank you,
Heather

Subject: Crusoe Follow Up

Commissioners,

Hope that everyone is having a nice week so far. I am writing to introduce you to Lucas Workman, who was unable to join in our last meeting but is on Crusoe's economic development and government affairs team. He will be working with us on our efforts in Callaway County. He is planning to be in Missouri on April 14 (Tuesday), and if you are available, would welcome the opportunity to come by your office and introduce himself. He is also planning on meeting with Tamara Tateosian from the Chamber during his trip. Another option is to set that date for our stakeholder workshop, if you think we can get the larger group assembled. Let us know your thoughts on that - if that were the case, Conor and I would plan to be there for the larger meeting.

As discussed with Commissioner Jungermann, we are working on the logistics for a site visit and we will be back in touch shortly with more information. In the meantime, it would be great to get some dates that a tour would work for you in the next few weeks so that we can confirm a date with the site.

Lastly, we should be able to send a fact sheet to this group in the next few days to answer some of your early questions.

Best,
Heather
