Subject: Chp 100 Work Sheet - Callaway County

Hi Commissioners -

Please find attached the Chapter 100 work sheet that your bond counsel, Mark Grimm, asked us to prepare. Phase 1 represents the **base case** (one data center building) and Phase 2 represents the **best case** (three data center buildings). Please let us know if you need anything else at this time to do the cost-benefit-analysis.

Thanks

Subject: Re: Tax Revenue Estimates

Hi Commissioners,

As a follow-up to the provided tax revenue estimates included in my previous email, please find attached Crusoe's formal request letter for a Chapter 100 property tax abatement. Please feel free to contact me if you have any questions.

Thanks

Hi Callaway County Commissioners -

I hope you all had a nice week. Please find attached the updated tax revenue estimates broken out by each taxing jurisdiction. These estimates are based on the requested terms: an 85% property tax abatement for a 25-year term, assuming the Ambulance and Fire District opts out of the Chapter 100 abatement. This will result in an estimated 438% annual increase to the School District's revenue and a 31% annual increase to the County's revenue.

Both attached files contain the same numbers, just formatted differently. We look forward to discussing this proposal in further detail on Monday and reviewing the potential community benefit projects you all provide.

Disclaimer: All tax revenue figures presented in this proposal are estimates only and are subject to change depending on market conditions, the requirements of the end-user tenant, the final design and configuration of the facility, the total capital investment deployed, and the application of Callaway County Assessor rules and assessment practices.

Thanks
